**SAM Study | 645**

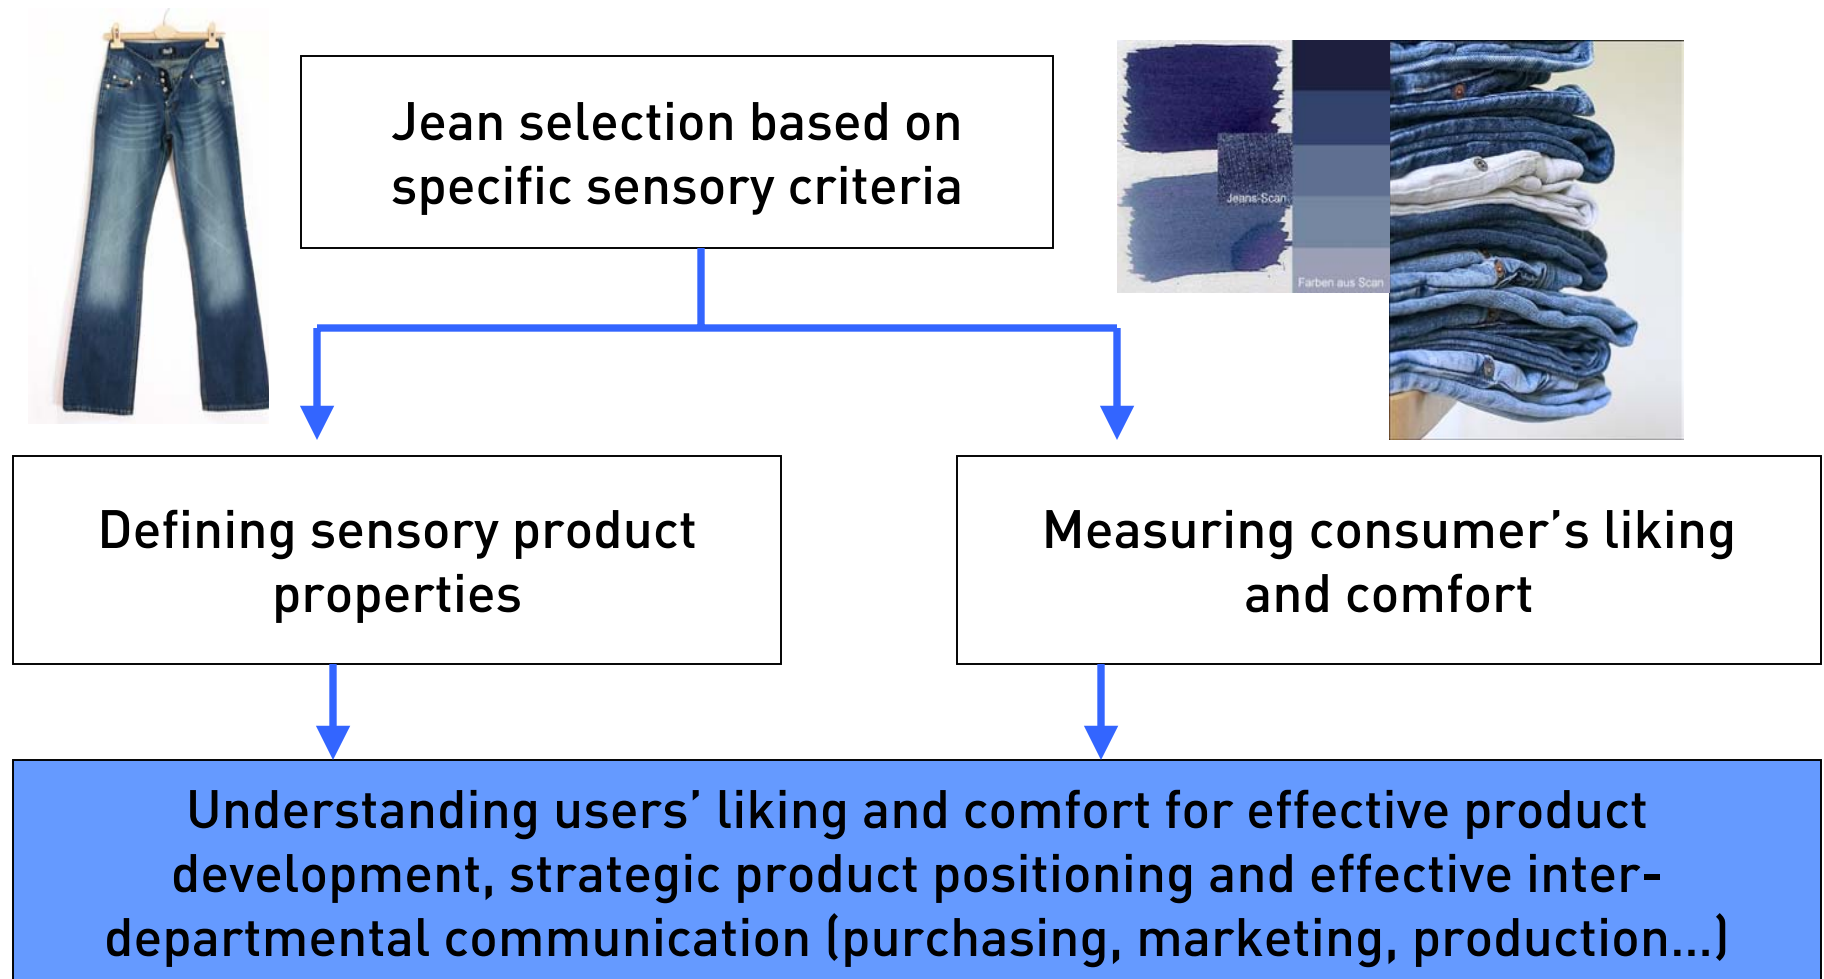

**Jeans case study:**

**Understanding consumers' rational and emotional perceptions for product design and marketing**

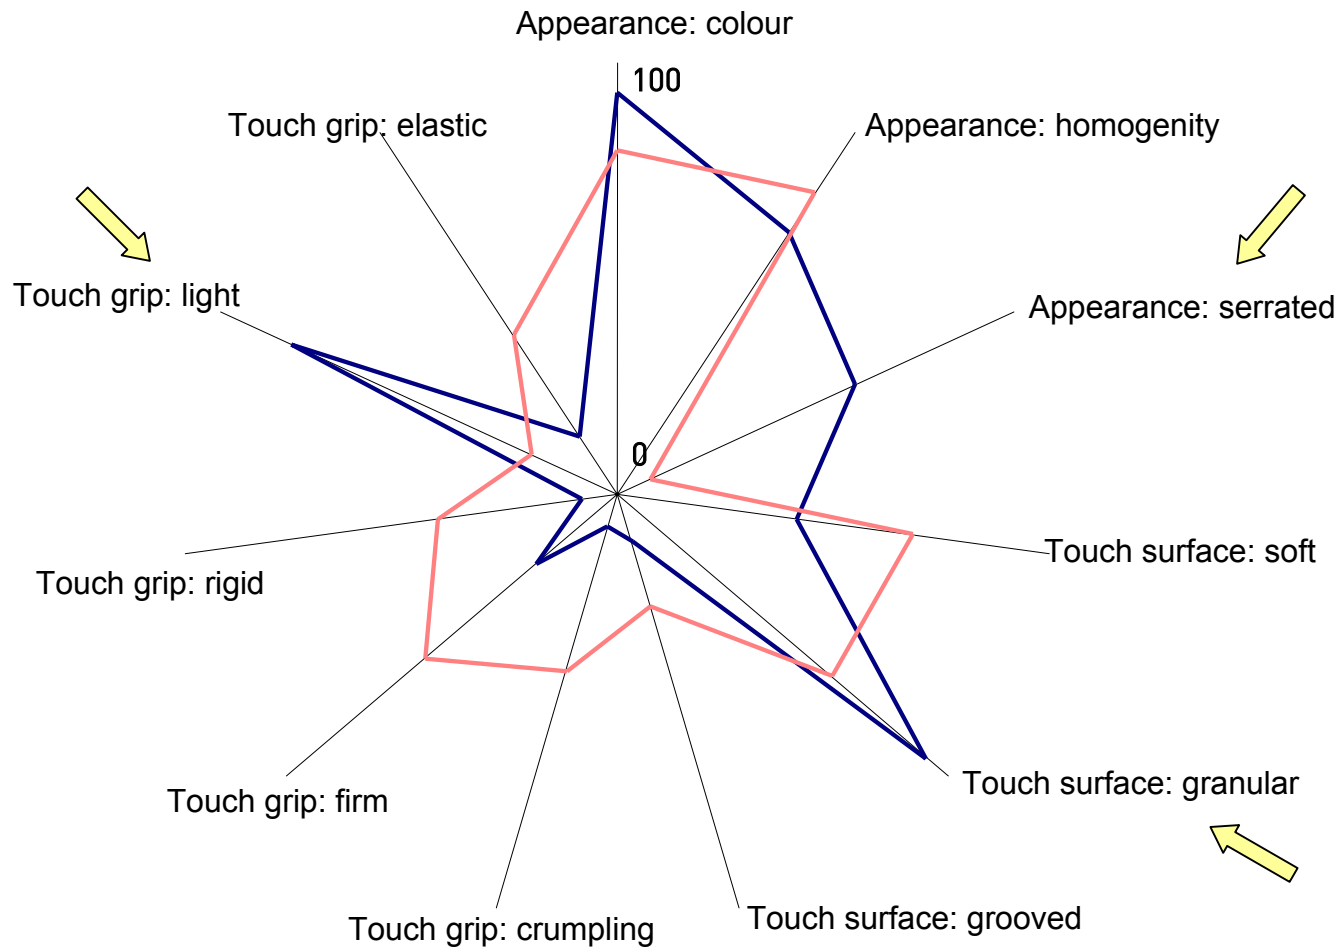

## This study replied to the following questions:

- How to describe with a sensory common language the jeans-textile?
- Which are the most liked jeans and why?
- How to understand and explain users' liking AND comfort?
- What is the best product development and marketing strategy?
- Which are the most promising market opportunities for new launches?

# Actionable market data for product design and marketing

# Few important jeans differences...

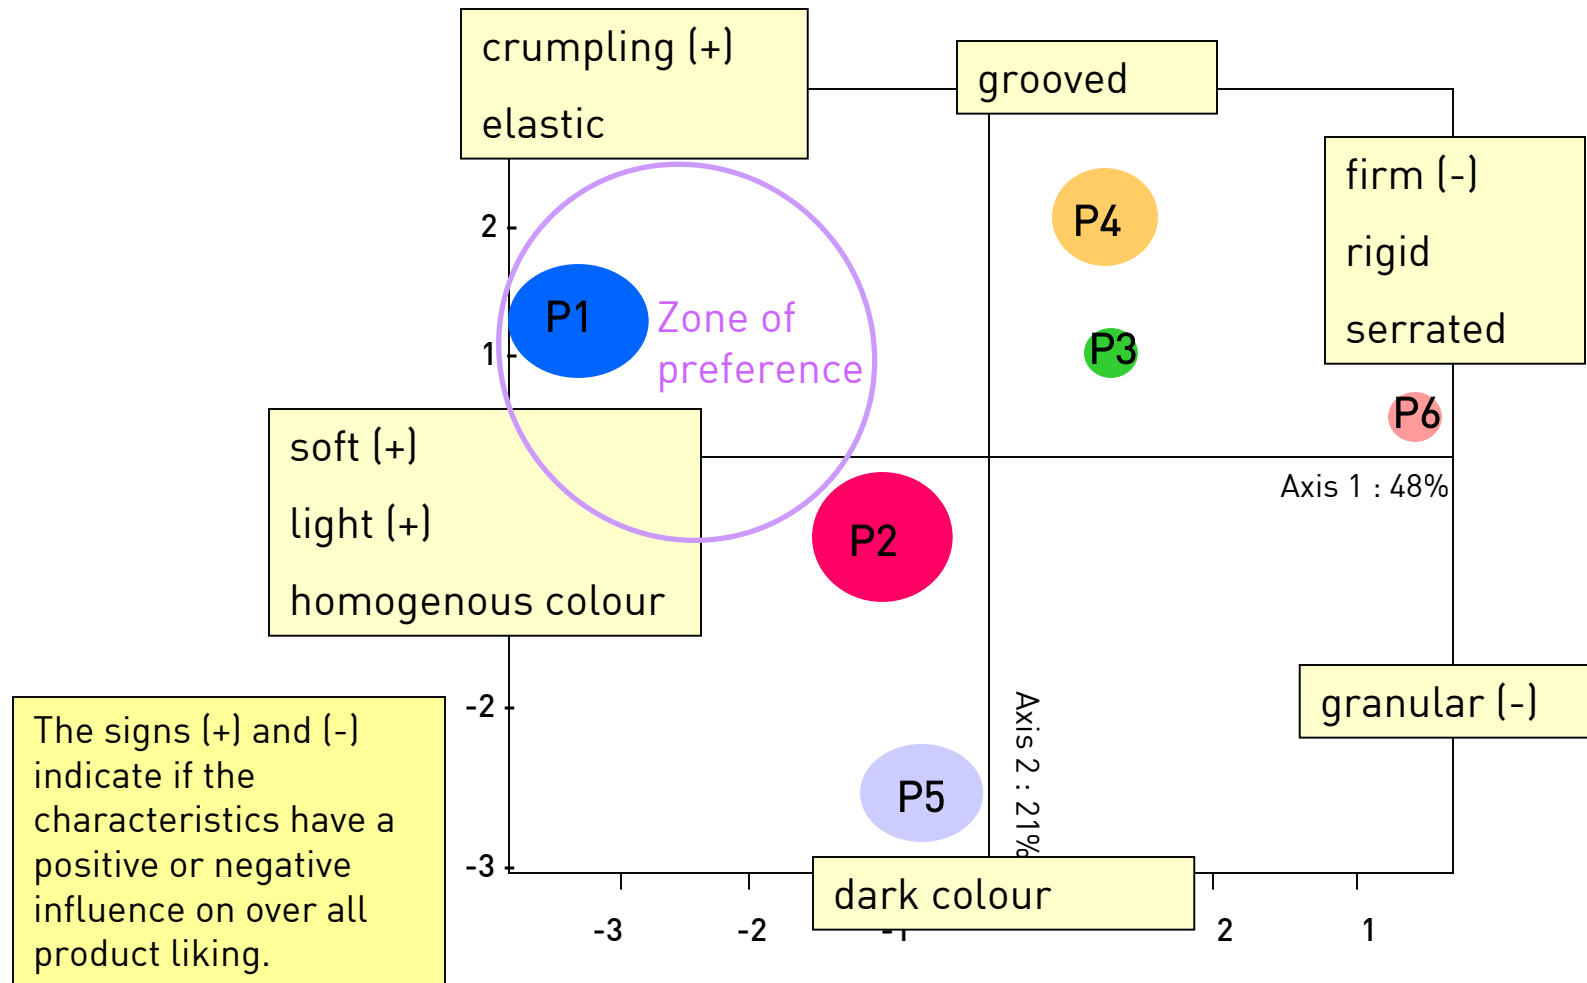

Product 5 is significantly lighter in the grip, has a more granular touch, and is more serrated.

Legend:  
 — Product 5  
 — Product 2

# Preference Mapping

⇒ Strategic tool for systematic product development and positioning

# The entire study contains detailed information about:

- User's rational and emotional perceptions of TEXTILE PRODUCTS
- How to use both for effective product developments and marketing strategies
